Additional Backup Information

This rotation list was established to provide planning, preliminary engineering, design, construction and other engineering services for the ABIA as necessary. To date, the two selected firms have received a total of 9 assignments for an estimated total of \$2,675,000.00 (including amounts held in reserve on existing assignments); over 89% of the total rotation list authority has been authorized.

In an effort to increase CIP spending to match ABIA needs and proposed spending plans, additional authority is needed for the rotation list. Current FY 2011 spending is approximately 50% above FY 2010 spending levels. In addition, three emergency projects made use of the rotation list to meet critical completion deadlines: Relocation of the Ground Transportation Staging Area, Terminal Checkpoints Improvements, and the Baggage Maintenance Office Indoor Air Quality Improvements.
